10/3/2017	2018-AMS-00051-F	Richman Kim	Richman Law Group	All underlying documents, presentations, notes, phone logs, calendars, photographs, videos, audio recordings, emails, and other electronic communications, including but not limited to, electronic communications and other materials that were considered in the NOP's review and final determination of the NOPC-253-17-AZ, relating to the complaint initially filed on May 2, 2017 by The Cornucopia Institute against Aurora High Plains Dairy in Colorado ("Aurora") and the Colorado Department of Agriculture ("CDA"). Case filed in your department as NOPC-253-17-AZ and referred to you. The content of the CDA that the NOP conducted on-site in June of 2017, including but not limited to the interviews with CDA staff that specifically addressed Aurora's organic pasture and management practices. The audit the NOP completed on-site audit at Aurora's facility, including but not limited to the review of Aurora's dairy operation and practices and the data led evaluation of Aurora records. Verification that current cattle at Aurora solely graze on certified organic pasture throughout the entire grazing season for the grazing region. Verification that outside the grazing season, humans have no access to the outdoors year-round except under specified conditions (e.g. inclement weather). Verification that during the grazing season all livestock obtain a minimum amount of their feed requirements from grazing, that supplemental feeding does not exceed 70% of the quantity of feed (measured as dry matter intake or "DMI") that the livestock consume, and that at least 30% of the feed (measured as DMI) is obtained from grazing on organic pasture.	12/21/2017	Granted/Denied in Part

6/22/2018	2018-AMS-04699-F	Gelman, Jeremy	UNR - Department of Political Science	<p>To Whom It May Concern: This is a request under the Freedom of Information Act. I request records or logs relating to technical drafting assistance (TA) provided by the Agricultural Marketing Service to Congress for bills introduced in Congress from January 1, 2013 to December 31, 2017. Specifically, I seek which bills received TA from AMS and which members of Congress or committees (if applicable) requested TA. Technical drafting assistance is advice provided by executive branch entities such as departments or agencies to members of Congress on draft legislation submitted to the executive branch by members of the legislative branch. Per OMB Circular A-19, TA requests are kept by agency until one year after they are made. In some cases, TA is provided on legislation that is never introduced in Congress. I recognize such bills fall under Exemption 5 as this TA is predecisional. I also request records relating to any legislation that was not eventually introduced as a bill. Moreover, I do not request any records that reveal any specific predecisional communication between the executive and legislative branches. This request only seeks information on whether there was contact between Congress and the executive branch and on which piece of publicly available legislation.
